THE MEETING POINT CAFE

BUSINESS PROPOSAL FOR:

THE MEETING POINT *CAFE*

THE MEETING POINT Cafe is a small business that was established in early 2023 in Braamfontein. Since the business is still new, Nariah is in need of an upgraded website that way customers will know more about the business.

The target audience is all-inclusive from students who are waiting for their upcoming classes to catch up sessions with friends to remote employers who do not want to work at home.

WEBSITE GOALS AND OBJECTIVES:

The use of the website is to:

1. help customers to get more information on the business, as well as to see prices of the meals, current and upcoming meals, section options to book boardrooms, as well as gaming available and sell products.
2. The objective of the business is for them to be able to be able to make profit and to be able to achieve customer satisfaction

KPI

1. Increase website visits
2. Customer reviews
3. Growth in social media

Strengths and weaknesses Existing website

The Boring Cafe X Sprino Tea

https://linktr.ee/theboringcafe

Weakness:

1. Not a full website having a certain amount of functionality,
2. not enough information; customers are only able to see the link than having detailed information about the cafe.
3. Basic design, although the layout is simple. It doesn't it doesn't show the cafe's full personality

Strengths:

1. quite simple to navigate,
2. important information is available on the website
3. displays customer trust, having a review of the cafe available

IMPROVEMENTS:

1. Have a picture of the cafe as background of the website,
2. Have navigation tabs- HOME, ABOUT US, ONLINE MENU and ORDER, RESERVATIONS, GALLERY

THE FOLLOWING ESSENTIAL WEBSITE FEATURES WILL HAVE:

HOME PAGE- welcoming people to the website, and an appealing picture of the business a brand logo, slogan, navigation tabs like

ABOUT US- main story about the business as well as the mission as a company.

MENU – all meals, drinks, snacks.

BOOKINGS- board room, gaming room. Books Collection on Shelves.

CONTACT: emails, contacts, address, quires

For the Design and user experience the color scheme is the following:

Background color – warm white, Headings, button, branding -Coffee brown, Sections- Latte Beige, sage green, Main text Charcoal Grey

Typography- Main heading (h1), Section Heading (H2) Subheading (H3), Body Text (H4/H5)
